

SMART Objectives and Activities

Please list 3 SMART objectives with 2-3 SMART activities that will be accomplished over the course of the grant year. SMART = Specific, Measurable, Attainable, Relevant, and Time-bound. An example of a SMART objective with two activities is listed below. Reports to the Street Medicine Institute at 3, 6, and 12 months must include measurements of progress in each of the activities you select towards your three objectives. Please keep your objectives and activities brief and concise.

For more information about SMART Objectives, please [visit this link](#).

Example:

Objective	Activity	Activity	Activity
The street medicine team will increase the number of patients treated by the street medicine team from 15 to 60 in the next year.	The street medicine team will increase street rounds from 1 day per month to 4 days per month.	The street medicine team will purchase wound care supplies and provide wound care to 15 patients in the next year.	

The completed SMART Objectives and Activities Form will be uploaded to the application form. Please remember that the application must be completed in one sitting, so you will want to have all of the requirements ready before starting.

SMART Objectives and Activities

Program Name:
